

BRITISH COMMENTS ON THE DUKE'S N. Y. VISIT

SURPRISE EXPRESSED THAT VISIT DOES NOT EXTEND TO WHITE HOUSE.

(Canadian Press Despatch.) London, Jan. 19.—The fact that the Duke and Duchess of Connaught, with their daughter, the Princess Patricia, are not to visit Washington while they are in the United States is causing some comment here, although it is believed there must be some good explanation for their decision.

It is usual when Royal personages are on a visit to a foreign country, even if semi-officially, for them to pay their respects to the head of the nation in which they are guests. The Duke of Connaught has the reputation of always doing the right thing, and people here refuse to believe that he is now making any mistake.

BRITISH COAL DISPUTE: VIEWS OF LABOR MEN

ARTHUR HENDERSON SAYS A STRIKE WOULD BE MADNESS.

(Canadian Press Despatch.) Birmingham, England, Jan. 19.—Opinions are very much divided regarding the threatened coal strike. Mr. George Barnes, a Labor member of Parliament, thinks, looking at the result of the ballot, that a strike is inevitable unless the minimum wage is conceded. Arthur Henderson, Labor member for Durham, expresses himself as not satisfied that the vote is as representative as it ought to have been. He hoped the leaders would exert themselves to prevent a strike. Cessation of work in the mines would be madness, and if twelve men were selected from each side they could effect a settlement.

THE ST. LAWRENCE ROUTE AND LLOYD'S INSURANCE

ST. LAWRENCE ROUTE UNFAIRLY DISCRIMINATED AGAINST, SAYS SIR HUGH ALLAN.

(Canadian Associated Cable.) London, Jan. 19.—Sir Hugh Allan, Chairman of the Allan Line, tells the Canadian Associated Press that while he is very fearful of the practicability of a Canadian Lloyds he would welcome it heartily. He believes, like many other Canadian shipowners, that the St. Lawrence route has been charged with many casualties which might fairly have been spread over other sections of the North Atlantic, and consequently St. Lawrence vessels have been required to pay more than their full share. At the same time the rates of the English association have been on the whole both carefully and fairly made up.

PRESCOTT'S NEW COUNCIL.

Prescott, Jan. 19.—(Special.)—The municipal elections that took place here to-day resulted in the election of Mr. F. W. Elliott as Mayor by forty-seven of a majority over F. S. Evanson, the Mayor of 1910-11. The following Councilors were elected: C. D. Shannon, J. C. Caruthers, C. Whitney, J. L. Bradley, George Mason, Ambrose Fricker.

CHARGED WITH MURDER.

Montreal, Jan. 19.—The coroner's jury which inquired into the death of Peno Domenico, shot last Sunday at a party, this morning brought in a verdict holding Giuseppe Politti and Francesco Pinespelli responsible for his death. Domenico, in a confession, implicated the latter, but said he was shooting at somebody else.

HINDUS MAY MAKE A NEW MOVE

COLONY IN BRITISH COLUMBIA MAY DEPOSE DELEGATES AND ABANDON REQUEST.

(Special Despatch to The Globe.) Ottawa, Jan. 19.—The Hindu question, which has been occupying the attention of the Government for some time past, may find its solution outside the legislative halls at Ottawa, according to authentic information received to-day from the coast by Mr. H. H. Stevens, M.P. for Vancouver. Confidential but reliable advice indicates that the Hindu community of British Columbia are entirely dissatisfied with the result of the visit of Dr. Sunder Singh, Teja Singh, Rajah Singh, and L. W. Hall, the deputation which waited upon the Ministers here last month. The community considers that they have injured their cause, and wasted \$1,500 of the funds subscribed by the laboring Hindus of the Province. They have further, it is stated, dropped the agitation for the admission of their women, and a movement is on foot among them to remove entirely from official positions those whom they term "the educated agitators," Teja, Sunder and Rajah Singh, and to replace them with a committee elected from among themselves.

Information furnished by the British Columbia Immigration Department to Mr. Stevens states that at least 300 Hindus left for India last year for good, taking with them sufficient money earned in Canada to keep them in luxury for the rest of their days. It is further estimated that previous to that date 700 had returned, making a total of 1,000 in the last few years who have gone back to their native land permanently. During the two years ending July, 1911, South Yorkshire colliery surfacemen have decided to ballot on the question of whether they shall strike for eight hours and a minimum wage.

COMPANY CHARTERS.

Ottawa, Jan. 19.—In the Common Bank and Commerce Committee to-day the British Columbia Fire Insurance Company was granted an extension of charter. The Liverpool Marine Assurance Company bill was up and the chief clauses were passed. The Canadian Brick Company asked for a change of name to the Canadian Mortgage Investment Co., but this was held over.

COCAINE SUPPLIED TO JAIL PRISONERS

TWO MEN ARRESTED AT MONTREAL CHARGED WITH THROWING DRUG OVER WALL.

(Canadian Press Despatch.) Montreal, Jan. 19.—The police this morning arrested Michael Lavery and Michael Currie. It is alleged that these two threw packages of cocaine over the jail wall, where they were picked up and afterwards delivered to the prisoners. Lavery was only released yesterday after serving a term for selling cocaine, while Currie got out of jail after a sentence for cocaine selling on Monday.

UNIFORMITY OF NATURALIZATION

CANADA HAS MADE NO REPLY TO PRONOUNCEMENT ON DRAFT BILL SUBMITTED.

(Special Despatch to The Globe.) Ottawa, Jan. 19.—A return tabled in the Commons to-day gives recent correspondence with the Colonial Office in regard to uniformity of naturalization throughout the Empire, together with a copy of the draft bill to be submitted to the Imperial Parliament providing for such uniform naturalization. The Colonial Secretary wrote to the Canadian Government on July 26 last and again on November 18 last asking for an expression of opinion as to the amended draft of the Imperial bill as submitted for consideration to the Government of each of the self-governing dominions. The return shows that no reply has yet been sent from Ottawa.

The main provisions of the draft bill are that naturalization of aliens as British subjects shall be conditional on five years' residence within territory under his Majesty's allegiance, good character and an adequate knowledge of the English language (or of any other language recognized in any dominion as on an equality with English). In addition, of course, the applicant for naturalization must also take the oath of allegiance.

It is provided that the law shall become operative in each of the self-governing dominions only after the Local Legislatures have adopted it. The right to be called a British subject applies to everyone who was born within his Majesty's allegiance, or who at birth was the child of a British subject on the paternal side, or who was born on a British ship, whether in foreign or territorial waters.

CLERICALISM IN ALSACE.

Colmar, Upper Alsace, Jan. 19.—The Supreme Court yesterday declared the election of two clerics to the provincial diet void on account of the unlawful campaign methods of the clerics.

Reaping Their Reward

Ottawa, Jan. 19.—The Nationalist and Conservative press of Quebec is reaping tangible financial results from helping to put the coalition Government into power. L'Evenement of Quebec has had already \$1,543 from the new Government for advertising, the amount including, peculiarly enough, one item for advertising the Canadian naval service to its Nationalist readers. Le Devoir, Mr. Bourassa's organ, has so far drawn only \$489, but La Patrie has made a good beginning with Government advertising contracts worth \$3,825.

Queen's University

The first intercollegiate hockey game at McGill was a keen disappointment at Queen's. The usual adequate reasons are, of course, advanced to explain how it all happened, but the sad fact remains to be chronicled that McGill won by 3 to 2. Queen's had rather the better of the game all the way through but their scoring ability was below standard, while many shots that did find McGill's goal were cleverly stopped by Warwick, the star goal man of McGill. However, the boys promise better things later on. McGill also won a victory over the Queen's basketball team, who went down with the hockey team; 35-24 was the score, and the credit of clean, well-earned victory is to be given to the supporters of the red and white.

The Alma Mater Society presented Mr. J. McDonald Mowat, L.A., the young Kingston lawyer and loyal graduate of Queen's, with an illuminated address on the occasion of his departure for Vancouver. The city had already tendered Mr. Mowat a complimentary banquet, at which the University was well represented, but the A. M. S. wanted to say something on its own behalf in appreciation of Mr. Mowat's active interest, especially in the student affairs of Queen's.

The History Club had as its guest on Thursday afternoon Col. Crowe, Commandant of the Royal Military College, who delivered a very able and instructive address on "Why We Study Military History." Dr. Watson addressed the Philosophical Society early in the week on "The Philosophy of Religion," before a large gathering of students. Many of Professor Watson's admirers are looking forward to the publication of his Gifted Lectures, which are to be compiled at Glasgow University in April, and deal with the history and philosophy of religion.

HOUSE WRECKED BY EXPLOSION OF GAS

FIVE MEMBERS OF WILLIAM CHAPPELL'S FAMILY IN DOVER PAINFULLY BURNED.

(Special Despatch to The Globe.) Chatham, Jan. 19.—Five people were seriously injured late yesterday afternoon by an explosion of natural gas, which completely wrecked the residence of Mr. Wm. Chappel, concession 3, Dover township. The concussion shook the earth for miles around. The gas was carried to the house through water pipes from an artesian well. The water tank having overflowed, all the taps in the house were turned on to carry off the surplus water. The gas in the pipes escaped, speedily filling the house, and was ignited from the stove. One end of the house was completely blown out, both sides were shifted, partitions badly damaged, and all the windows demolished. The building at once caught fire, but the flames were extinguished by neighbors. Mr. William Chappel, the owner of the house, was badly burned about the hands; his brother, Fred, also suffering severely burns. A daughter, Isabel, aged twenty, asleep in the front room when the explosion occurred, was hurled clear outside when the end of the house gave way. She and a brother, Charlie, were seriously burned about the hands and face, and were brought to the hospital here. Beverly, aged eight, was less seriously burned. Mrs. Chappel was coming from the cellar by way of an outside door at the moment of the explosion, and escaped uninjured.

HOW TO DESTROY THE DANDRUFF GERM

BY A SPECIALIST. That the dandruff germ is responsible for nearly all the diseases to which the scalp is heir, as well as baldness and premature grey hair, is a well-known fact, but when we realize that it is also indirectly responsible for many of the worst cases of catarrh and consumption, we appreciate the importance of any agent that will destroy its power. We are, therefore, particularly pleased to give herewith the prescription which an eminent scientist states he has found after repeated tests to completely destroy the dandruff germ in from one to three applications. It will also almost immediately stop falling hair, and it has in numerous cases produced a new hair-growth after years of baldness. This prescription can be made up at home, or any druggist will put it up for you—6 ounces Bay Rum, 2 ounces Lavois de Com. nose, one-half drachm Menthol Crystals. Mix thoroughly, and after standing half an hour it is ready for use. Apply night and morning, rubbing into the scalp with the finger-tips, if you wish it perfumed, add half a teaspoonful of Toilet Soap Perfume, which unites perfectly with the other ingredients. While this preparation is not a dye, it is unequalled for restoring grey hair to its original color.

Caution: Do not apply where hair is not desired, and be sure to avoid tonics containing poisonous wood alcohol. The arts dinner is announced for February 3. Hon. W. L. Mackenzie King and Principal Maurice Hutton of University College, Toronto, are to be the chief speakers, and accordingly the dinner promises to be a great success.
